

Cambrian College

School of Business and Information Technology, Creative Arts, Design, Music and Hospitality

Course Outline

Course Title	Project Management				
Course Code:	PRM1000	Credit Value:	4	Credit Hours:	56
Programs:	BAGC I.T. Business Analysis BTHP I.T. Business Analysis - Hanson IBBH International Business Management - Hanson IBGC International Business Management IBHP International Business Management - Hanson MAHW Mobile Application Development - Hanson MAPD Mobile Application Development MOBH Organization Management - Hanson MOHP Organization Management - Hanson				
Equivalencies		Prerequisites		Corequisites	

This course may be delivered in a variety of different formats: 100% in-class, 100% online (or a blend of both), videoconferencing, distributed learning or off-campus. Please confirm with your faculty member which format will be used for your section of this course.

General Education Course: ☐

Eligible for PLAR: ☒

COURSE DESCRIPTION

In this course, students will develop managerial skills to propose, plan, secure resources, budget, and lead project teams to successful completions of projects. Students will also learn why organizations have developed a formal project management process supported by the Project Management Institute (PMI) and its Project Management Body of Knowledge (PMBOK) to gain a competitive advantage. The case study approach will be used along with an investigation of software and collaboration tools that aid in carrying out activities of project planning and project execution.

Date: July 02, 2020

Prepared By: Myles Peterson

Approved by: 

PARVINDER ARORA
Chair, School Of Business And Information Technology,
Creative Arts, Design, Music And Hospitality

Effective: Fall 2020, Winter 2021, Spring 2021

RELATIONSHIP TO PROGRAM VOCATIONAL LEARNING OUTCOMES

PROGRAM LEVEL	
This course contributes to your program by allowing you to demonstrate the following vocational learning outcomes:	
Program(s)	Vocational Learning Outcomes
I.T. Business Analysis	College Standards 1. Document business processes using effective and established research and documentation methods and business improvement procedures. 2. Apply negotiation and problem-solving skills to build effective stakeholder alignment.
I.T. Business Analysis - Hanson	Ministry Standards 1. Document business processes using effective and established research and documentation methods and business improvement procedures. 2. Apply negotiation and problem-solving skills to build effective stakeholder alignment.
International Business Management - Hanson	Ministry Standards 1. Manage the implementation and evaluation of team projects by applying project management principles.
International Business Management	Ministry Standards 1. Manage the implementation and evaluation of team projects by applying project management principles.
International Business Management - Hanson	Ministry Standards 1. Manage the implementation and evaluation of team projects by applying project management principles.
Mobile Application Development - Hanson	College Standards 1. Use project management principles and industry protocols to manage a collaborative mobile application development and to ensure quality assurance.
Mobile Application Development	College Standards 1. Use project management principles and industry protocols to manage a collaborative mobile application development and to ensure quality assurance.
Organization Management - Hanson	College Standards 1. Utilize the concepts and business applications of computer information systems. 2. Adhere to the concepts of organizational behaviour, and apply decision-making and problem solving techniques in formulating business policy.
Organization Management - Hanson	College Standards 1. Utilize the concepts and business applications of computer information systems. 2. Adhere to the concepts of organizational behaviour, and apply decision-making and problem solving techniques in formulating business policy.

COURSE CURRICULUM

Topics/Concepts Covered in This Course

- Project Management Concepts and Institutions
- Organisation Strategy and Project Selection
- Project Management Structures
- Outsourcing the Project Work (RFP)
- Defining the Project Scope, Responsibility and Activity Sequence
- Creating the WBS
- Estimating Project Times and Costs
- Developing a Project Schedule
- Managing Risk
- Scheduling Resources and Cost
- Reducing Project Duration
- Being an Effective Project Manager
- Stakeholders Management
- Managing Project Teams
- Progress and Performance Measurement and Evaluation
- Closing the Project
- Using Project Management Software Tools

COURSE LEVEL: Learning Outcomes and Objectives	
To earn credit for this course, you must reliably demonstrate your ability to:	
Learning Outcome	Objectives
1. Explain project management concepts.	1.1 Describe what a project is. 1.2 Evaluate why project management is crucial in today's world. 1.3 Distinguish a project from routine operations. 1.4 Identify the different stages of a project life cycle. 1.5 Describe how Agile PM is different from traditional PM. 1.6 Examine how managing projects involves balancing the technical and sociocultural dimensions of the project. 1.7 Review PMI and explain importance of PMP certification.
2. Evaluate the organization strategy and project selection process	2.1 Explain the strategic management process. 2.2 Describe the need for a project priority system. 2.3 Distinguish among three kinds of projects. 2.4 Apply financial and non financial criteria to assess the value of projects. 2.5 Explain how multi-criteria models can be used to select projects. 2.6 Apply an objective priority system to project selection.

Learning Outcome	Objectives
	2.7 Describe the need to manage the project portfolio. 2.8 Describe the cases when outsourcing project work is necessary. 2.9 Describe the basic elements of a Request for Proposal (RFP).
3. Identify different organizational structures and culture	3.1 Identify different project management structures and understand their strengths and weaknesses. 3.2 Examine the principle of choosing an appropriate project management structure. 3.3 Appreciate the significant role that organizational culture plays in managing projects. 3.4 Explain the interaction between project management structure and the culture of an organization.
4. Define the project scope	4.1 Identify key elements of a project scope statement and understand its importance. 4.2 Describe the causes of scope creep and ways to manage it. 4.3 Establish project priorities and requirements in terms of cost, time, and performance. 4.4 Create a work breakdown structure (WBS). 4.5 Create responsibility matrices for small projects. 4.6 Create a communication plan for a project.
5. Estimate the project times and costs	5.1 Describe guidelines for estimating time, costs, and resources. 5.2 Describe the methods, uses, and advantages and disadvantages of top-down and bottom-up estimating methods. 5.3 Distinguish different kinds of costs associated with a project. 5.4 Suggest a scheme for developing an estimating database for future projects.
6. Develop a project schedule	6.1 Identify the linkage between WBS and the project network. 6.2 Diagram a project network. 6.3 Calculate early, late, and slack activity times. 6.4 Identify and understand the importance of managing the critical path. 6.5 Distinguish free slack from total slack. 6.6 Demonstrate understanding and application of lags in compressing projects or constraining the start or finish of an activity.
7. Explain and develop the project risk management process.	7.1 Describe the risk management process.

Learning Outcome	Objectives
	7.2 Explain how to identify project risks. 7.3 Assess the significance of different project risks. 7.4 Describe the five responses to managing risks. 7.5 Prepare a risk response plan. 7.6 Demonstrate the role contingency plans play in the risk management process. 7.7 Explain opportunity management and describe the five approaches to responding to opportunities in a project. 7.8 Describe the change control process.
8. Demonstrate various approaches to scheduling resources and managing costs	8.1 Explain the differences between time-constrained and resource-constrained schedules. 8.2 Identify different types of resource constraints. 8.3 Describe how the smoothing approach is used on time-constrained projects. 8.4 Describe how the leveling approach is used for resource constrained projects. 8.5 Explain how project management software creates resource-constrained schedules. 8.6 Identify general guidelines for assigning people to specific tasks. 8.7 Explain why a time-phased budget baseline is needed. 8.8 Create a time-phased project budget baseline.
9. Reducing project duration	9.1 List the different reasons for crashing a project. 9.2 Identify the different options for crashing an activity when resources are not constrained. 9.3 Identify the different options for crashing an activity when resources are constrained. 9.4 Determine the optimum cost-time point in a project network. 9.5 Examine the risks associated with compressing or crashing a project. 9.6 Identify different options for reducing the costs of a project.
10. Stakeholder management / effective project manager	10.1 Explain the difference between managing and leading a project. 10.2 Explain the need to engage project stakeholders. 10.3 More effectively manage project expectations. 10.4 Illustrate the importance of building trust and acting in an ethical manner while working on a project. 10.5 Identify the qualities of an effective project manager.
11. Developing and managing project teams	11.1 Identify key characteristics of a high-performance project team.

Learning Outcome	Objectives
	11.2 Distinguish the different stages of team development. 11.3 Identify strategies for developing a high-performance project team. 11.4 Describe strategies for managing conflicts. 11.5 Describe the challenges of managing virtual project teams.
12. Evaluate project performance by reviewing the scope, timeline, cost, and resources	12.1 Identify the four steps for controlling a project. 12.2 Utilize a tracking Gantt to monitor time performance. 12.3 Explain and appreciate the significance of earned value management. 12.4 Calculate and interpret cost and schedule variance. 12.5 Calculate and interpret performance and percent indexes. 12.6 Forecast final project cost.
13. Follow project closing actions	13.1 Identify actions that should be taken during the process of closing a project. 13.2 Conduct a post-project evaluation. 13.3 Discuss the value and use of lessons learned. 13.4 Explain the importance of organizing and archiving project documents. 13.5 Obtain customer feedback about the project.
14. Use the appropriate software to organize the tasks and allocate resources to meet project objectives.	14.1 Create and update project schedules. 14.2 Analyze the project critical path and adjust activity duration as well as predecessor information with the goal of efficiently controlling a project's successful outcome. 14.3 Use software resource features to update task information, adjust variable task duration to correct effort driven work and over-allocated resources. 14.4 Produce stakeholder reports and project documentation such as resource overview reports and resource usage reports, over-allocated resources with the goal of performing resource leveling. 14.5 Perform cost-time trade-off to effectively crash or speedup project schedules with the least costly outcome. 14.6 Determine costs, budget and earned value project information to track the progression of work and produce financial reports to stakeholders.

Essential Employability Skills

Communication

- communicate clearly in written, spoken, and visual form that fulfills purpose/needs of audience.

Numeracy

- execute mathematical operations accurately.

Critical Thinking and Problem Solving

- apply a systematic approach to solve problems.
- use a variety of thinking skills to anticipate and solve problems.

Information Management

- locate, select, organize, and document information using appropriate technology and info systems.

Interpersonal

- show respect for the diverse opinions, values, belief systems, and contributions of others.
- interact with others in groups in ways that contribute to effective working relationships.

Personal

- manage the use of time and other resources to complete projects.
- take responsibility for one's own actions, decisions, and consequences.

Delivery Method

- Classroom: Course is delivered through scheduled synchronous teaching that may be face-to-face and/or virtual.

Learning Activities

- Lectures
- Class Discussions
- Labs
- Group Work
- Research
- Case Studies

Resources Required

Books

Gido, Clements, Baker, *Successful Project Management*, 7e, Cengage Learning
ISBN: 9781337095471

Larson, Gray, *Project Management: The Managerial Process [eText with Connect Access]*, 8th, McGraw Hill
ISBN: 9781260884869

Evaluation Plan

Grading Scheme

A	80% - 100%
B	70% - 79%
C	60% - 69%
D	50% - 59%
F	0% - 49%

Evaluation Method	Value (%)
Quizzes/Test/Exam	30%
1-2 Exams determined by Professor	

Evaluation Method	Value (%)
Assignments	70%
A minimum of 2 assessments will be assigned, however, the nature and number of assignments will be directed by the Professor.	

ADDITIONAL INFORMATION

College

Academic Policies

Students must adhere to all academic policies. These are available on myCambrian as well as the College website at <https://cambriancollege.ca/about/official-documents-and-policies/academic-policies/>.

Prior Learning Assessment and Recognition (PLAR)

Students may contact the Pathways office at pathways@cambriancollege.ca

Transfer Credit

Students wishing to have courses from other programs or institutions assessed for equivalency and/or transfer credit should contact transfercredits@cambriancollege.ca.

Accessibility Services

Cambrian is committed to creating an inclusive learning environment where we support our students' success. Students who are registered with the Glen Crombie Centre can access accessibility and/or counselling services by:

1. Registering and scheduling an appointment through Clockwork in the Student Portal in myCambrian.
2. Contacting 705-566-8101 ext. 7420 or 7311, or
3. E-mailing accessibilityservices@cambriancollege.ca

Testing Practices at Cambrian

Many courses include major tests and/or final exams. The practice at Cambrian requires that these types of test situations involve proctoring to ensure academic integrity. Online tests/exams may employ a proctoring service to enable you to take your exam from a location of your choosing within a period specified by your instructor. When you are taking an online test/exam, the proctoring service may capture your video, screen, audio and web surfing particulars to protect academic integrity. Cambrian College collects, uses, discloses and retains personal information in compliance with the Freedom of Information and Protection of Privacy Act (FIPPA). Your personal information is being collected under the authority of the Ontario Colleges of Applied Arts and Technology Act S.O. 2002, c.8, Sched. F. This information will be used for the purpose of administering a test/exam through an online proctoring service acting as an authorized agent of the College. Please refer to Cambrian's Confidentiality of Student Records Policy for more details. If you have any questions regarding the collection of your personal information, please contact Vice President Academic, Cambrian College, 1400 Barrydowne Rd., Sudbury ON P3A 3V8, 1-705-566-8101.

Wabnode Centre for Indigenous Services

Students are encouraged to come to Wabnode to meet our Elders and to access personal counselling or academic tutoring. Our team will also be able to provide students with information related to funding and scholarship and bursary opportunities for Indigenous students. We encourage students to come to Wabnode for cultural, sports and community activities. Students can also contact Wabnode at wabnode@cambriancollege.ca

Copyright

Students may not submit work or partake in activities that infringe on the Canadian Copyright Act, or the related Cambrian College Fair Dealing Guidelines and Copying Guidelines. The guidelines may be viewed at: <http://cambriancollege.libguides.com/copyrightinfo> or by contacting the Library for questions related to copyright: library@cambriancollege.ca

Out-of-Class Assistance

The faculty will inform students of their Out-of-Class availability through the Learning Management System site (Moodle).

Audio/Visual Capture

Sounds and images from this class, and contributions made by a participant, virtually or in-person, are recorded under the authority of the Ontario Colleges of Applied Arts and Technology Act, 2002. The main purpose for these recordings is to allow students enrolled in this course, whether they attend the particular class in person, virtually, or at all, to review class content and activity.

These recordings may also be reviewed by faculty members to prepare future classes, to evaluate students, to collaborate in program/course development/review, or to provide feedback to students or other faculty. Any questions about this collection may be addressed to your respective Dean.

Equity, Diversity and Inclusivity

Cambrian is committed to building and preserving an equitable, diverse, and inclusive learning community where students, faculty, and staff may achieve their full potential in an environment characterized by equality of respect and opportunity. All students and employees have the right to live and work in an environment that is free from discrimination and harassment. Therefore, Cambrian College will not tolerate any form of discrimination or harassment in its employment, education, accommodation, or business dealings. For more information, please visit: <https://cambriancollege.ca/about/official-documents-and-policies/equity-human-rights-and-accessibility/>

Tests and Evaluations

Students are required to write tests and/or complete evaluations as scheduled. Exceptions may be made in the event of an emergency or a sanctioned event (e.g., varsity sports, field trip, religious observances, etc.). In non-emergency situations, students are expected to contact the faculty member in the event that they can not be present for a test/evaluation to explain the reason for their absence. At the discretion of the faculty member, an alternate time for the test/evaluation may be allowed.

Attendance

Regular attendance is strongly encouraged as it contributes to student success. Some courses have specific lab/participation requirements. Students are expected to be aware of, and adhere, to these requirements.

Modifications to the Course Evaluation Plan

Under exceptional circumstances, Cambrian reserves the right to alter the Course Evaluation Plan. Upon approval from the Dean, faculty members will notify students of any modification to the Course Evaluation Plan and post to the course Learning Management System site (Moodle).
